MOUNTING ATTACHMENTS

Truss

Fast tool-free kit that securely attaches to steel roof trusses in just seconds.

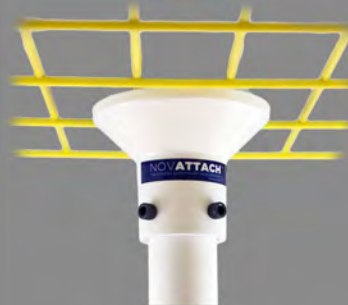

Ceiling

Ceiling mount low clearance model, great for drywall mounts, where cables come through the ceiling straight into the NOVATTACH unit.

Channel Strut

Designed to fit all standard channel strut systems.

Wire Rack

Designed to fit wire rack and other unique applications requiring a custom fit.

BASE ATTACHMENTS

UMA

Our universal mounting adaptor allows you to connect almost any female threaded pendant kit to the NOVATTACH system.

Box

For use with box style cameras, this adaptor allows you to mount almost any box camera or its housing to the NOVATTACH mounting system.

PMA

Used to mount dome cameras when no pendant kits are available or to reduce your hardware deployment costs.
